

After School Science Enrichment Program 2019-2020

“Exposing the youth of today to the growing scientific innovations of tomorrow”

We all love learning about science at La Jolla Elementary School. The LJES PTO will once again offer after school science enrichment programs to all students in grades K -5. After school science will be offered on Tuesdays (with the exception of holidays & parent conference week). PTO has contracted with La Jolla Elementary teachers at each grade level who will work with students on carefully chosen science topics and activities. These activities will expand and enrich student science knowledge. The program is taught with hands on exploration and an inquiry-based approach.

A supervised snack will be provided as part of this program from 2:45-3:00. The program will run from 3:00-4:00 p.m. Please pick up your students from the Marine Street entrance promptly at 4:00 or let us know if your child should be dismissed to the YMCA. Failure to comply will result in removal from the program.

Please enroll online at <https://campscui.active.com/orgs/LJESPTOInc>

Please be advised there are no refunds for unattended sessions.
